DUN'S REVIEW.

NEW YORK, July 21.—R. G. Dun & Co.'s
weekly review of trade says:
"This week the country has withstood
surprisingly well an extraordinary state
of affairs. Many banks and firms have
come, despite the realization in eastern
and in some southern and western money
markets. The Denver banks were over-
thrown largely by the crazy action of the
people, but in most cities the statements
show the banks to be in a healthy con-
dition, and there has been no serious
readiness to extend accommodation.
Under all conditions it is astonishing that
business has been so well maintained, with
so little evidence of uneasiness."
"The statement of new orders at the
cotton and wool markets is not so good,
and there has been great frequency in cancella-
tions. There has been decreased distribu-
tion among consumers, so that retail
dealers have been left with a surplus of
their stocks unsold, and wholesale dealers
have found less encouragement to buy. In
general cancellations are still numerous and
orders small. Some improvement is seen
in dress goods. Sales of wool are remark-
ably small. The stagnation in iron has
closed many mines. Coal is moving down-
ward. The iron trade is inactive, and though
dealings in bar and structural products
are somewhat larger, prices are the lowest
ever known. The purchases of tin are
moderate and prices are lower. 10 cents
is reported for lake copper, while lead
is weaker at 2.6 cents.

"Wheat has fallen 2 cents and corn
1 cent. Pork products and oil are lower.
In the place of an expected advance in
sugar a decline has come, and cotton, after
some advance, recedes again. Trade in
receipts of wheat are moderate and exports
are fairly large, but unaccompanied stocks
press for sale."
"The stock market by Wednesday
reached the lowest average of prices since
1893. London and short sellers there-
fore, and some recovery followed.
Chicago reports a decrease in real estate
sales in clearing, 25 per cent in real estate
sales, and 2 per cent in east-bound ship-
ments. There is an active demand for
loans, more freedom in lending. Trade in
real estate is falling. The price of products
are 45 per cent larger for corn and 30 per cent
for wool, but most other articles decrease
20 to 30 per cent. The price of cotton is
dressed beef and 25 per cent in cattle. At
St. Paul trade is restricted. At Minne-
apolis lumber sales are reduced and sales
of flour are below the reported average.
St. Joseph is fair. The receipts of cattle
are light at Kansas City. At Denver trade
was demoralized, but is now more hopeful,
and many of the reported assignments
are regarded as measures of protection.
St. Louis reports business good in volume
and character, but trade checked by the
loss of money. The banks are fortify-
ing themselves."
"The treasury has been paying gold to
the banks, but on the whole, increasing
its holdings. The treasury is holding a
little larger than a year ago, but imports
also are larger. The failures during the
past week numbered 367 in the United
States, against 347 the last week. Last week
the failures in the United States numbered
374."

THE BORDER BOOMERS.

HUNSWELL, Kan., July 21.—[Special].
—The time has arrived when writing let-
ters to Washington is of no avail. We
need immediate action on the border. The
soldiers are all along the line, driving out
every booby. There is no water in the
lans, and the wells in the various towns
will not supply the demand. Owing to
the great drought, there is no hay to be
had in southern Kansas. As all in this
country well know, there is no vacant
land in southern Kansas, and no place to
graze stock, except in narrow lanes
which lead into the strip. The boomers
cows and horses are today awaiting
under the hot sun of Kansas, and drink,
except as they steal a march on the sol-
diers between dark and daylight.

It is absolutely necessary that the
boomers, who are coming thick and fast,
have space along the line to graze their
stock and for an outlet to trade. Imme-
diate steps should be taken to send a rep-
resentative to Washington to lay the mat-
ter before the president and Secretary
Smith. If the soldiers are going to keep
stock out till the country opens, they may
as well take them now and shoot them.
Those living along the border and under-
standing the situation know that it is
their duty to take steps to avoid a catastro-
phe, which is the last of our existing
circumstances. Therefore, it is suggested
that the leaders of all colonies and boomer
organizations communicate with
J. N. Bunch, chairman of the Humane
organization, in order that arrangements
may be made for immediate action. It is
especially requested that Sam Woodson
of Caldwell, E. P. Bunch of South Haven
and the chairman of the Arkansas City
Business Men's club give their views im-
mediately.

WHEAT LOWER.

CHICAGO, July 21.—A bad slump at the
close nearly spoiled today's record for the
bushels in grain. Compared with last night
wheat is down 1/2 cent and corn 1/4 cent.
There was a show of 60,000 bushels in wheat
and 100,000 in corn. The actual transactions were
not large. After an advance of \$1.00 in Sep-
tember put, it ended with a net gain of 55
cents. Last after an advance of 75 cents,
wheat ended with a modest gain of 1/2 cent
in September. Rits are 10 cents higher.

The Keystone Watch
Case Co. of Philadelphia,
the largest watch case manufacturing
concern in the world, is now
putting out the Jas. Ross Filled
and other cases made by a new
(ring) which cannot be twisted or
pulled off the watch.

It is a sure protection against the
pickpocket and the many accidents
that befall watches fitted with the
old-style bow, which is simply held
in by friction and can be twisted off
with the fingers. It is called the
Non-Bull-Owl
and can only be had with
cases bearing their trade mark.

Sold only through watch dealers,
without extra charge.
Ask any jeweler for pamphlet,
or send to the manufacturers.

A LAWYER'S SAD ERROR.

He Mistook a Would-Be Contestant of a
Will for a Man for a Lawyer.
"I'm a poor book agent," began the
tall stranger as he entered a lawyer's
office and placed a parcel on a friendly
chair. "But I have—"
"Don't want any books," growled the
counselor with scarcely a glance at the
man.
"But, sir, I have given up that line
and am now selling maps. Still that is—"
"Never use 'em, don't want 'em,
what's the use of 'em?"
"Sir, map selling is not—"
"Now, see here," exclaimed the law-
yer, wrathfully, whirling around in
and rising from his revolving chair and
facing the persistent fellow. "I wish
you to distinctly understand that I
will not buy books, maps, porous plas-
ters, liver pads, stationary, eye shades,
mustache curlers, corsets, needles
threaders, patent buttons, invisible
ink, corn eradicators, popular songs,
photographs nor paper weights—nothing
whatever. See? Now get out."
